A GENEALOGY OF
THE SOVERHILL FAMILY

by

Harvey Allen Soverhill

Moline, Illinois
1910

1702636

THIS RECORD of the Soverhill family is presented in brief form in the following pages. The object has been to give the name, date of birth, date of and to whom married (if married), date of death (if not living), and present address, when known, of each member of the family.

There seems to have been no attempt made toward compiling a family record up to this date. Very few of the families have had their own ancestral records handed down complete and it has been necessary to ask a great many questions of a large number of persons. I wish to take this means of thanking all the members who so kindly furnished the information asked. It is with the aid of this information that so complete a record can be found in the following pages. Any additional information will be gladly received by the author.
